EDUCATION

Bachelor of Technology in Computer Science, GLA University, Mathura, 69.1%	June 2027
Intermediate, Glorious Academy School Lanka, Varanasi, 63%	May 2023
High School, Seth MR Jaipuria School (Babatpur Campus), Varanasi, 84.33%	May 2021

PROJECTS

Smart Pothole & Road Condition Monitoring System (Team Project)

- Developed a MERN-based web platform for pothole reporting with image upload and geolocation
- Implemented YOLO model for real-time pothole detection using OpenCV
- Built features for admin dashboard to track complaints and resolution.

Tech Stack: MongoDB, Express.js, React.js, Node.js, Python, YOLO, OpenCV

AI Invoice Generator (Team Project)

- Worked on backend development for generating automated invoices using AI
- Designed APIs and handled data processing for invoice creation and storage
- Ensured efficient data flow between frontend and backend systems

Tech Stack: Node.js, Express.js, MongoDB, AI APIs

SKILLS

Technical

Java
Linux
SQL, React, NodeJS

Professional

Adaptability
Team Work
Mentoring & Guidance

PROFESSIONAL ACHIEVEMENTS/ INSIGHTS

- Google Cybersecurity Professional Certificate – Coursera (Jul 2025)** – Gained foundational knowledge in cybersecurity concepts including network security, threat detection, risk management, Linux, SQL, and security tools used in real-world cyber defense.
- GenAI Powered Data Analytics Job Simulation – Tata Group (Forage, 2025)** – Worked on real-world business data problems using AI-driven analytics and visualization techniques.
- Completed AI Tools Workshop by Be10x (June 2025)**– gaining hands-on exposure to practical AI tools and workflows..

CO-CURRICULAR ACTIVITIES

- Google AI & Cybersecurity Workshops**
 - Participated in hands-on sessions on AI tools and cybersecurity fundamentals.
 - Gained practical exposure to real-world applications and security best practices.
- NPCI Cybersecurity Hackathon – IIT Kanpur**
 - Participated in a national-level hackathon focused on real-world cybersecurity challenges.
 - Collaborated in a team to analyze threats and design secure solution approaches.
 - Gained hands-on exposure to cybersecurity concepts, tools, and best practices.
- Mechathon 2025 – 24-Hour Hackathon**
 - Collaborated in a team to design and present a prototype solution.
 - Worked under tight deadlines to develop and demonstrate a functional concept.

DECLARATION

I hereby declare that all the above mentioned information is true and correct to the best of my knowledge.
